COURSEWORK UNDERGRADUATE

- Data Structures and Algorithms
- Object Oriented Programming
- Database Management Systems
- Operating Systems
- Computer Networks

SKILLS LANGUAGES

- C++
- CORE JAVA
- JAVASCRIPT

FRONT-END TECHNOLOGIES

- HTML5
- CSS
- Tailwind CSS(Familiar)

BACK-END TECHNOLOGIES

- Spring Boot
- Spring Security
- Hibernate
- Microservices
- Rest API's

DATABASES

- MySQL

TOOLS

- Git
- Github

EXTRA CURRICULAR

- State Level Chess Player

PROJECTS

PORTFOLIO WEBSITE

TECHSTACK-HTML,CSS,JAVASCRIPT

- Explore my professional journey and project highlights on my dedicated portfolio website and on my website visitors can check my resume and contact me through mail, linkedIn.
- You will find a curated collection of my work, demonstrating my skills and creativity.

WHATSAPP WEB CLONE

TECHSTACK-SPRING BOOT, REACTJS, MYSQL, SPRING SECURITY, TAILWIND CSS AND WEBSOCKET

- Implemented WebSocket for seamless real-time communication.
- Prioritized user engagement with features like push notifications.
- Crafted an intuitive user interface with multimedia sharing using React.
- Collaborated cross-functionally, utilizing Git for version control.
- Optimized performance for a responsive user experience.

MOVIE REVIEW SYSTEM

TECHSTACK-JAVA ,SPRING BOOT,MYSQL

- Experienced in writing movie reviews that are both entertaining and informative.
- Using straightforward language to communicate my thoughts on films in an engaging manner.
